RoHS-REACH Declaration of Conformity

Declaration of Conformity – RoHS

Herewith we confirm the conformity of our products with the Restriction of Hazardous Substances (RoHS) Directive 2011/65/EU and the directive 2015/863/EU of the European Parliament and the Council for restricting the application of hazardous substances in electric and electronic devices. We further confirm the compliance of our products with the permissible ceiling concentrations in homogenous materials in weight percent as follows <0.01% for cadmium, <0.1% for lead, quicksilver, hexavalent chromium (Cr6+), polybromated biphenyl (PBB), polybrominated diphenyl ethers (PBDE), di phthalates (DEHP), benzyl butyl phthalates (BBP), dibutyl phthalates (DBP) und diisobutyl phthalates (DIBP) according to Attachment II of the directive.

KUK Electronic AG confirms that all products, unless otherwise noted, are produced in compliance with RoHS.

Exceptions according to Attachment III of the directive, paragraph 7a:

Articles which require the application of high temperature plumb with lead content >85% belong to the exceptions and comply with RoHS as well.

Declaration of Conformity – REACH

KUK Electronic AG as a producer of electric and electronic goods is classified as «downstream handler» (German: «nachgeschalteter Anwender») in the sense of REACH regulation 1907/2006. Duties and liabilities for pre-registration or registration (ECHA) based on the production and bringing into circulation of substances and chemicals are therefore not effective for KUK Electronic AG.

Our products are manufactured items and therefore not to be defined as substance or preparation. Furthermore, the items manufactured by KUK Electronic AG do not evaporate or lay off any substances as long as operated under normal and foreseeable conditions. Consequently, KUK Electronic AG is not subject to any registration duty nor the duty to issue safety datasheets.

To continuously provide our customers with reliable and safe products, KUK Electronic AG ensures that our suppliers comply with all requirements related to the usage of chemical substances and materials. Thus, we ensure that no substances or materials from the list of alarming substances (SVHC) are used for the production of our products.
